

Eloquent and Grateful

Read **Alex's Adventures in Numberland**, by Alex Bellos - an exhilarating cocktail of history, reportage and mathematical proofs that will leave you awestruck

Watch the '**The Imitation Game**' based on mathematician Alan Turing's involvement in code breaking of the Enigma machine

Attentive and Compassionate

Listen to **Travels in a Mathematical World** podcast, by Peter Rowlett - featuring mathematicians talking about their work as well as features on maths history and maths news <http://www.travelsinamathematicalworld.co.uk>

Wild Maths – explore, imagine, experiment, create! – try and explore one of the games from this website: <https://wild.maths.org/>

Wise & Curious and Faith-filled & Prophetic

Design a house or a school, producing full scale drawing, showing all the relevant measurements. Complete the task by creating a paper or cardboard model.

Bletchley Park – visit Blechley Park and explore the world of coding and maths <https://www.bletchleypark.org.uk/visit-us>
