1. Definitions

1.1 'Safeguarding' is defined in **Keeping Children Safe in Education (2024)** as.

- **Providing help and support to meet the needs of children as soon as problems emerge.**
- protecting children from maltreatment.
- preventing the impairment of children's mental and physical health or development.
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, stepparents and foster carers.

1.5 'Staff' or 'members of staff' refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of Bishop Ullathorne School.

1.6 Within this policy, we use the term 'victim', although it is recognised that not everyone considers themselves to be a victim or would want to be described in this way. We also recognise the importance of not using the terminology of 'perpetrator' in relation to children in cases where the behaviour can be harmful to both parties. The appropriate use of terminology will be determined on a case-by-case basis.

2. Introduction

2.1 We recognise that safeguarding, child protection, and promoting the welfare of children is an essential part of our duty of care to all students. As such, all staff and governors have a responsibility to provide a safe environment in which children can learn. We understand that safeguarding, child protection and promoting the welfare of all children is everyone's responsibility and that everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider what is in the best interests of each child in line and upholding the Human Rights Act 1998 and Equality Act 2010.

2.2 The purpose of this policy is to.

- Promote safeguarding and child protection and to demonstrate Bishop Ullathorne's commitment to keeping children safe.
- Provide all members of staff with the information required to meet their safeguarding duty and protect children from harm.
- Provide stakeholders with clear information relating to Bishop Ullathorne's safeguarding and child protection procedures.

- Ensure that staff understand, can recognise and can respond to the indicators of abuse, exploitation or neglect.
- Ensure that all staff are aware of their mandatory reporting duty in relation to Section 5B of the Female Genital Mutilation Act 2003; and
- Ensure that children are protected from maltreatment or harm.

2.3 Bishop Ullathorne is committed to the following principles.

- All children have the right to be protected from harm.
- Children should feel safe and secure and cannot learn unless they do so.
- All staff are responsible for keeping children safe and have a responsibility to act if they think a child is at risk of harm.
- All staff take on a responsibility to promote children's welfare
- Providing support to families and/or children as soon as a problem emerges is essential to improving outcomes for children and families.

2.4 Safeguarding aims

2.4.1 The safeguarding aims of Bishop Ullathorne, in line with Keeping Children Safe in Education (**September 2024**) are to.

- work to identify children who are suffering or likely to suffer abuse, exploitation or neglect and act to protect them.
- work with relevant services and agencies to ensure that children are protected from harm.
- provide a learning environment for children which is safe and secure.
- teach children how to keep themselves safe and provide structures for them to raise concerns if they are worried or at risk of harm.
- support children's mental health and wellbeing.
- ensure that we adhere to safer recruitment guidance and legislation, deal promptly with allegations of abuse against staff and take bullying and harassment seriously.
- train staff effectively in all safeguarding issues (including online safety) and in their responsibilities for identifying and protecting children that are or may be at risk of harm.
- have a designated safeguarding lead and designated deputies, who will provide support to staff, students and families.
- recognise that all children may be vulnerable to abuse but be aware that some children have increased vulnerabilities due to special educational needs or disabilities or protected characteristics (LGBTQ+, etc).
- maintain a robust recording system for any safeguarding or child protection information.
- ensure that everyone in Bishop Ullathorne understands the safeguarding procedures; and to
- regularly review policies and procedures to ensure that children are protected to the best of our ability.

2.5 This policy adheres to the following documents.

2.6 We continue to work closely with the Local Authority and the Coventry Safeguarding Children Partnership to safeguard children across the city.

2.7 Please note that there are several other documents (statutory and non-statutory) that inform our policy and practice. A list of these can be found in Annex B of Keeping Children Safe in Education (**September 2024**).

4. Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse, exploitation and neglect and should be able to recognise signs of these. We recognise that abuse, exploitation and neglect along with other safeguarding issues are complex and often multidimensional and therefore don't fall solely under one category. Types of abuse or harm can take many forms including directly inflicting harm on a child or failing to protect a child from harm online as well as face to face both inside and outside of the school/college as well as online, including the multi-faceted occurrence of factors causing emotional harm.

The four main types of abuse that staff are trained to recognise are.

- Physical abuse.
- Sexual abuse.
- Emotional abuse.
- Neglect.

4.2 Types of abuse (Taken from Keeping Children Safe in Education, 2024)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Type of abuse	Information
Sexual abuse	<p>Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.</p> <p>The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of this and of Bishop Ullathorne policy and procedures for dealing with this.</p>
Neglect	<p>The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.</p>

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's services (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should always be available, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from Children's Service and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 The school recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child.

- is disabled or has certain health conditions and has specific additional needs.

- has special educational needs (whether they have a statutory education, health and care plan).
- Has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in alternative provision or a pupil referral unit.
- has a mental health need.
- is a young carer.
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- is frequently missing/goes missing from care or from home.
- is a risk of modern slavery, trafficking, sexual or criminal exploitation.
- is misusing drugs or alcohol themselves.
- has a family member in prison or is affected by parental offending.
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse.
- has returned home to their family from care.
- is showing early signs of abuse and/or neglect.
- is at risk of being radicalised or exploited.
- is at risk of 'honour-based' abuse such as Female Genital Mutilation or Forced Marriage.
- is persistently absent from education, including persistent absences for part of the school day.
- is a privately fostered child.

4.7 Bishop Ullathorne recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if Bishop Ullathorne believes that a child is at risk of or is the victim of.

- bullying, including cyberbullying, prejudice based and discriminatory
- child criminal exploitation and sexual exploitation including involvement in county lines).
- domestic abuse.
- emotional abuse.
- fabricated or induced illness.
- faith-based abuse.
- female genital mutilation.
- forced marriage.
- gangs or youth violence.
- gender-based violence.
- hate.
- mental health.
- neglect.
- peer on peer abuse.
- physical abuse.
- radicalisation.
- relationship abuse.
- serious violence and harassment.

- sexual abuse.
- sexual violence or sexual harassment (including peer on peer abuse).
- sharing of consensual or non-consensual nude and semi-nude images/videos.
- So-called 'honour-based' abuse.
- trafficking and modern slavery.

4.8 Bishop Ullathorne will also take action to protect.

- Children missing education.
- Children missing from home or care.

4.8.1 There are other familial issues that can have a detrimental impact on children.

We work with other agencies in line with Keeping Children Safe in Education (2024) to support children and families in the following circumstances.

- Children facing the court procedures and/or children in the court system.
- Children with family members in prison.
- Children who are homeless.
- Children who need a social worker.

4.9 Children potentially at greater risk of harm

4.9.1 Bishop Ullathorne recognises that some children need a social worker due to abuse, neglect or complex family circumstances and that abuse, and trauma can leave children vulnerable to further harm, as well as educational disadvantage.

4.9.2 The Designated Safeguarding Lead will hold information relating to social workers working with children in the school.

4.9.3 This information will inform decisions about safeguarding and promoting welfare (including the provision of pastoral and/or academic support).

4.10 Children absent from Education

4.10.1 Bishop Ullathorne understands that children being absent from education for prolonged periods and/or repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and criminal exploitation – particularly county lines.

4.10.2 Bishop Ullathorne will report information to the Local Authority when problems are first emerging and if there is a need for the removal of a child from roll.

4.11 Elective Home Education

4.11.1 Bishop Ullathorne recognises that many home educated children have a positive learning experience and the decision is one with the child's best interests at heart however elective home education can mean that some children are not in receipt of suitable education.

4.11.2 Since 2016, Bishop Ullathorne has a statutory duty to inform the Local Authority of all deletions from roll. When Elective Home Education is the reason for this removal, the Local authority and other key professionals will work alongside Bishop Ullathorne to coordinate a meeting with parents where possible ideally before a final decision is made.

4.12 Children requiring Mental Health support

4.12.1 The school recognise that safeguarding and promoting the welfare of children includes preventing the impairment of children's mental health or development.

4.12.2 All staff will be aware that mental health problems may be an indicator that a child is suffering or is at risk of suffering abuse, neglect or exploitation.

4.12.3 Staff will not attempt to make a diagnosis of a mental health problem unless they are appropriately trained.

4.12.4 We recognise that staff are well-placed to observe behaviour that may indicate that a child is experiencing a mental health problem or is at risk of developing one. There are clear systems and processes in place for identifying possible mental health problems. If staff are concerned that a child is suffering a mental health problem, they should refer the concern to the student's tutor, pastoral team, and safeguarding team via CPOMS.

4.12.5 If staff are concerned that a child is experiencing a mental health problem that is also a safeguarding concern, they must report this to the Designated Safeguarding Lead (or deputy Designated Safeguarding Lead) immediately.

4.12.6 Whilst all staff have a responsibility to promote the mental health of students. Staff with a specific, relevant remit include:

- Fabia Hully- designated child protection / safeguarding officer
- Cat Kilmurry - mental health lead
- Lorraine Innes - lead first aider
- Caron Marston - pastoral lead, Key Stage 4
- Denise Durkan – Deputy DSL

4.12.7 Further information, guidance and advice regarding mental health can be found on page 49 of Keeping Children Safe in Education 2024.

4.13 Children who are Lesbian, Gay, Bi (LGBT+) or may be gender questioning children

4.13.1 The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

4.13.2 In line with updated Keeping Children Safe In Education (2024) guidance, it is important to consider the Cass review, which identified that caution is necessary for children questioning their gender as there remain many unknowns about the impact of social transition and children may well have wider vulnerabilities, including having complex mental health and psychosocial needs, and in some cases additional diagnoses of autism spectrum disorder and/or attention deficit hyperactivity disorder.

4.13.3 It recommended that when families/carers are making decisions about support for gender questioning children, they should be encouraged to seek clinical help and advice. When parents are supporting pre-pubertal children, clinical services should ensure that they can be seen as early as possible by a clinical professional with relevant experience.

4.13.4 As such, when supporting a gender questioning child, schools should take a cautious approach and consider the broad range of their individual needs, in partnership with the child's parents (other than in the exceptionally rare circumstances where involving parents would constitute a significant risk of harm to the child), including any clinical advice that is available and how to address wider vulnerabilities such as the risk of bullying. Schools should refer to our Guidance for Schools and Colleges in relation to Gender Questioning Children, when deciding how to proceed.

4.13.5 Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced and provide a safe space for them to speak out or share their concerns with members of staff.

4.13.6 LGBT inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse.

5. Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children's Services where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to Children's Services or to the police, they should inform the DSL as soon as possible.

5.3 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately.

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play.
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality.
- Any significant changes in a child's presentation.
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures/allegations of abuse that children have shared.

5.4 There will be occasions where a child discloses/alleges abuse directly to a member of staff. If this happens, the member of staff will.

- listen carefully to the child and believe what they are saying.
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support.
- only ask for clarification if something is unclear and will not ask 'leading' questions.
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day.
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have had a discussion with the DSL prior to this but delay should be avoided.

5.5 The designated safeguarding lead will decide about the action that needs to be taken following a member of staff raising a concern about a child or following a direct disclosure recording a clear rationale. The DSL may consider the following options.

- Managing support for the child internally within school.
- Seek advice from the social worker advice line in the MASH.
- Instigate single agency intervention and work directly with the family to improve the situation.
- Offer an Early Help Assessment to provide multi-agency help to a family.
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for consideration for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Bishop Ullathorne is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but the school believes that a child is at significant risk of harm, a referral will still be made to Children's Services.

5.6 For further information about the Coventry Safeguarding Children Partnership's 'Right Help, Right Time' guidance, which is used by Bishop Ullathorne to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.7 See page 24 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2024).

5.8 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to

the police without delay and will do so. Staff should refer this to the DSL first, but the legislation requires regulated health and Children's Service professionals and teachers in England and Wales to make a report to the police were, in the course of their professional duties, they are either.

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.

If you believe a child is at risk of FGM, a referral to the MASH is also required.

5.9 Bishop Ullathorne have a duty to refer any children who are living in a private fostering arrangement to the local authority. Private fostering is when a child under the age of 16 (or under 18 if disabled) is cared for by someone who is not their parent or a close relative. This is a private arrangement made between a parent and a career, expected to last 28 days or more, or the school are aware the 28 days has been exceeded.

5.10 All schools are subject to a duty under section 26 of the Counterterrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from being drawn into terrorism. See Appendix B for further information on Bishop Ullathorne's Prevent duty.

5.11 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

5.12 Child on Child Abuse

5.12.1 Bishop Ullathorne understands that both adults and other children can perpetrate abuse, and can happen inside and outside of school, online or face to face. Child on Child abuse is taken very seriously and can include bullying (including cyber-bullying, prejudice-based and discriminatory bullying), abuse in intimate personal relationships between children, physical abuse, sharing of consensual or non-consensual images of videos, causing someone to engage in sexual activity without consent, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. The school recognise that safeguarding issues can manifest as child-on-child abuse. [Behaviour Policy](#)

5.12.2 All members of staff will be made aware of the school's policy and procedures with regards to child-on-child abuse. Bishop Ullathorne will ensure staff understand what is meant by child-on-child abuse and Bishop Ullathorne policy on child-on-child abuse by regular training and policies that include information regarding this [Child on Child Abuse Policy](#)

5.12.3 Bishop Ullathorne will work to prevent child on child abuse by educating our students in CPSHE assemblies and tutor time. All members of staff at Bishop Ullathorne Catholic School maintain the attitude of 'It can happen here' to ensure all children are safeguarded. One way this is done is by addressing inappropriate behaviour. All staff understand that by not addressing this promptly, children's educational attainment may be impacted if the alleged perpetrator attends the same setting.

5.12.4 Although it is recognised that if there are no reported cases, such abuse may still be taking place. If an allegation of child-on-child abuse is made, Bishop Ullathorne will investigate this reassuring the victim that they are being taken seriously and will be support and kept safe. The Designated Safeguarding Lead (or deputy) will take a lead role on reports whilst using their professional judgement, and liaising with other agencies by following the below protocol.

- when possible, two members of staff will be present where the report includes an online
- element. Staff will not view illegal images of children.
- will not promise confidentiality as reports will need to be passed onto Children's Service
- (And in some cases, the Police).
- recognises that a child is more likely to disclose to a member of staff they have the
- strongest relationship with.
- an initial disclosure may be the first incident that is reported rather than a singular event.
- some children may face barriers to disclosing such as, additional needs, vulnerability, sex,
- ethnicity and possibly sexual orientation.
- will always listen carefully to the child whilst being non-judgemental.
- write up the factual parts of the disclosure as soon as the child has finished disclosing.
- liaise with the MASH (and police if urgent response required)

5.12.5 In the event that an allegation of child-on-child abuse is made, victims, alleged perpetrators and any other children affected will be supported by the actions mentioned in 5.12.4 and referral to the MASH will be considered.

5.12.6 Bishop Ullathorne will never pass off child on child abuse as 'banter', 'having a laugh. 'Part of growing up' or other such termination that does not recognise the harm caused. This should be a Zero-tolerance approach as this could lead to a culture of unacceptable behaviours. It is recognised with this, that all child-on-child abuse is unacceptable and will be taken seriously.

5.12.7 Boarding schools and residential settings should include additional information here about the possible additional risk relating to child-on-child abuse in this setting. See Annex D KCSIE for more information.

5.12.8 Bishop Ullathorne will adhere to guidance set out in Keeping Children Safe in Education (2024) when responding to incidents of child-on-child abuse.

5.12.9 All staff will be made aware that 'upskirting' is a criminal offence.

5.13 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

5.13.1 Both CCE and CSE are forms of abuse that occur when an individual or group take advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator through violence or threat of violence. CCE and CSE can affect both males and females and can include children that have been moved for the purpose of exploitation (trafficking).

5.13.2 CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing, vehicle crime, threatening violence on others or even carrying weapons.

5.13.3 The school is responsible for recognising children involved in CCE are victims of exploitation and should be recognised as such due to the harm they have experienced even if they appear to have consented to the criminal activity.

5.13.4 CSE is a form of child sexual abuse including physical contact and non-contact online activities including the internet or by phone. This can happen over time or as a one off and may happen without the child recognising this as abuse or harmful.

5.13.5 The school recognises that children of the age of 16 and 17 who can legally consent to a sexual relationship may also be the victims of CSE but may not recognise this.

5.14 Sharing of consensual or non-consensual nude and semi-nude images or videos

5.14.1 “Sharing of consensual or non-consensual nude and semi-nude images or videos” refers to any sharing of youth-produced sexual imagery between children. This includes.

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18.
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.14.2 The school has a responsibility to educate children in the risks relating to ‘sharing consensual or non-consensual nude images or videos’ and how to keep themselves safe online.

5.14.3 Any incidents or suspected incidents of ‘sharing consensual or non-consensual nude images or videos’ should be reported to the DSL without delay. MAC [Online Safety Policy](#).

5.14.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include.

- Referrals to the MASH regarding all parties involved (also the police if an urgent response required).
- Confiscation of mobile phones in line with guidance ‘Searching, Screening and Confiscation, (January 2018).
- Support for young people involved to prevent reoccurrence.
- Sanctions in accordance with the behaviour policy.

5.14.5 Any incidents of ‘sharing consensual or non-consensual nude images or videos’ involving the following will result in a MASH and sometimes a Police Officer referral.

- Adult involvement.
- Coercion or blackmail.
- Children under the age of 13.
- Extreme, or violent content.
- Immediate risk of harm.

5.14.6 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.14.7 We will work with parents as necessary if their child is involved in the sharing of consensual or non-consensual nude images or videos.

5.14.8 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.15 Domestic Abuse

5.15.1 Domestic abuse can be a single incident or a pattern of incidents. It can also include psychological, physical, sexual, financial or emotional acts of abuse.

5.15.2 The school recognises that children can be a victim of Domestic Abuse by seeing, hearing or experiencing the effects or suffering domestic abuse in their own personal relationships. These all have a detrimental impact on children's health, well-being, development and ability to learn.

5.16 Searching, Screening and Confiscation

5.16.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/child in Bishop Ullathorne.

5.16.2 The school adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

5.13.3 Please see searching, screening and confiscation policy [Behaviour Policy](#) for further information.

5.17 Online Safety

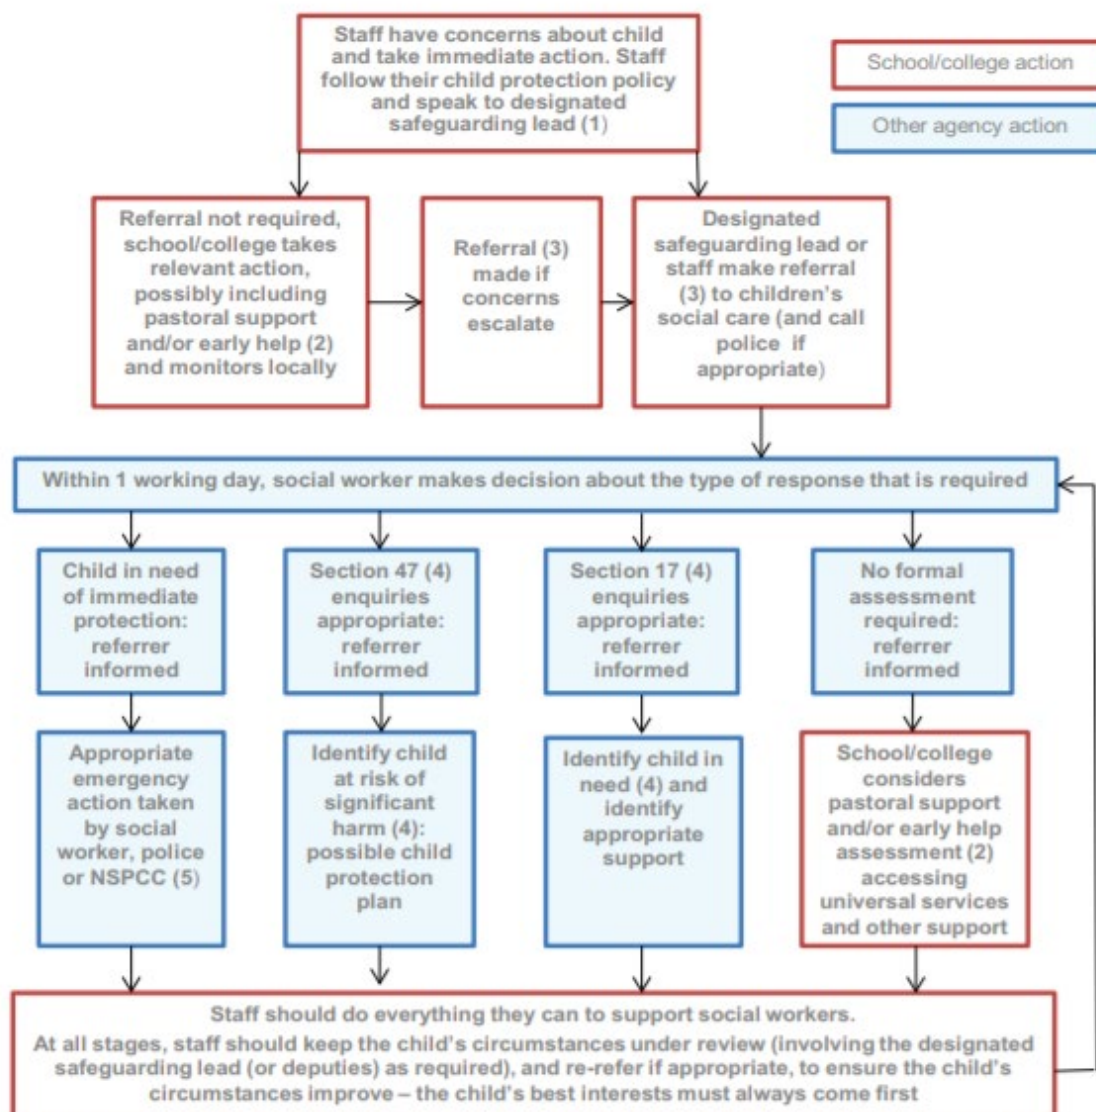

5.17.1 The school recognises that in today's world, children need to be safeguarded from potentially harmful and inappropriate online material with many children having unlimited and unrestricted access to the internet via their mobile phone. The breadth of issues can be categorised currently into four areas of risk as taken from Keeping Children Safe in Education 2022:

- *Content – being exposed to illegal, inappropriate, or harmful content (pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism)*
- *Contact – being subject to harmful online interaction with other users (peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit)*
- *Conduct – online behaviour that increases the likelihood of, or causes, harm (making, sending and receiving explicit images)*
- *Commerce – risks such as online gambling, inappropriate advertising, phishing and or financial scams*

5.17.2 The school understand that the above can take place on a student's phone or smart device (including smart watches) whilst at school/college or elsewhere. The school have responded to this by having a whole school approach to online safety which aims to protect and educate students, parents and staff in their use of technology. Please see our Behaviour policy and online safety policy for more information.

5.17.3 The school has also established mechanisms to identify, intervene in and escalate any concerns highlighted through our filter and monitoring systems for both staff and students. The effectiveness of this is regularly reviewed with staff aware of how to escalate concerns. Bishop Ullathorne School uses the software Senso to monitor and filter and concerns. These are sent to the DSL to check if there is a safeguarding issue.

Actions where there are concerns about a child

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

(5) This could include applying for an Emergency Protection Order (EPO).

5.18 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH. The school will follow up referrals if we do not receive feedback from Children's Services to ascertain the outcome of all referrals.

MASH Telephone number: 02476 788 555

MASH online referral form: <http://www.coventry.gov.uk/safeguardingchildren>

Out of hours Emergency Duty Team: 02476 832 222

Prevent/Channel Referrals: Refer to MASH (mash@coventry.gov.uk) and to CTU_GATEWAY@west-midlands.pnn.police.uk

5.18.1 If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the [Coventry Safeguarding Children Partnership's Managing Professional Disagreements policy](#) to ensure that our concerns have been addressed and that the situation improves for the child.

6. Record-keeping

6.1 All concerns, discussions and decision made will be recorded in writing and kept confidential and stored securely.

6.2 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.3 Bishop Ullathorne keeps all safeguarding files electronically, using a system called Child Protection Online Management System (CPOMS)

6.4 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.5 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file in a timely manner (within 5 days for in-year transfers). Once received by the new school, this school will not retain the information.

6.6 The school will seek to hold at least two emergency contacts for every child.

6.7 All data processed by Bishop Ullathorne is done so in line with the General Data Protection Guidelines and the Data Protection Act (2018). Please see the following policies for additional information.

[Data Protection Policy](#)

6.8 Further information regarding information sharing and data processing in relation to safeguarding can be found in Part One of Keeping Children Safe in Education (September 2024).

7. Photography and Images

7.1 Consent from parents to photograph children at school events for promotional reasons will be sought when the child joins Bishop Ullathorne. Data Collection sheets ask for permission and will be sent to parents annually.

7.2 Parents can withdraw consent at any time and must notify Bishop Ullathorne if they do not wish their child's photographs to be used.

7.3 Photographs of children used publicly will not be displayed with their name or other identifiable personal information.

7.4 Photographs of children will be processed in line with the General Data Protection Regulation.

[Data Protection Policy](#)

8. Early Help Assessment

8.1 Bishop Ullathorne is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who meets children and their families and carers have a role to play in safeguarding children. Bishop Ullathorne is committed to working closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

Mosaic family Hub, Tile Hill, 02476787801

8.2 Any child may benefit from early help, but as guided by KCSIE (2024) all school and college staff will be particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs.
- has special educational needs (whether they have a statutory Education, Health, and Care plan)
- has a mental health need.
- is a young carer.
- is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- is frequently missing/goes missing from education, home, or care.
- has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit.
- is at risk of modern slavery, trafficking, sexual and/or criminal exploitation.
- is at risk of being radicalised or exploited • has a parent or carer in custody or is affected by parental offending.
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse.

8.3 Bishop Ullathorne works within the Coventry Safeguarding Children Partnership's ['Right Help, Right Time'](#) framework, available on the CSCP website.

9. Staff training

9.1 In order for staff to be able to understand and discharge their safeguarding and child protection duties, Bishop Ullathorne has committed to training staff throughout the academic year. All staff members will be made aware of Bishop Ullathorne's safeguarding processes and structures and will receive training on these as part of their induction. As part of this training and their annual refresher, they will also receive.

- This 'Safeguarding and Child Protection Policy'.
- The staff Code of Conduct
- Copies of Part 1 and/or Annex A of Keeping Children Safe in Education (September 2024)
- School procedures for Children Absent from Education
- The school Behaviour Policy

9.2 Staff at Bishop Ullathorne will be made aware of Bishop Ullathorne's safeguarding processes and structures and will receive training on these as part of their induction. As part of this training and their annual refresher, they will also receive.

- This 'Safeguarding and Child Protection Policy'.
- The staff Code of Conduct
- Copies of Part 1 and/or Annex A of Keeping Children Safe in Education (September 2021)
- School procedures for Children Missing Education
- Bishop Ullathorne Catholic School Behaviour Policy

9.3 Bishop Ullathorne recognise that children may engage in risky behaviours that may put them at additional risk of danger. These can include drug taking, alcohol abuse, truanting and the sharing of consensual or non-consensual nude images or videos. Staff will also be trained in these areas to be able to further recognise if a child is at risk of harm.

9.4 All staff are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication.

10. Safer Recruitment

10.1 Bishop Ullathorne is committed to providing children with a safe environment, in which they can learn. We take safer recruitment seriously and all staff are subject to the following checks.

- Identity check.
- DBS clearance.
- Prohibition from teaching checks (where required).
- Barred List check.
- Section 128 checks (as required - leadership and management).
- Reference check (two references required).
- Professional qualifications check.
- Right to work in the UK check.

- Further checks for those who have lived outside the UK.
- Disqualification Under the Childcare Act 2006 checks (as required); and
- Verification of the candidate's mental and physical fitness may also be sought.

10.2 A record of all checks completed for members of staff will be recorded on the Single Central Record.

10.3 All new members of staff will be required to obtain DBS clearance. Bishop Ullathorne reserves the right to re-check DBS clearance for any member of staff where information is received that indicates they may pose a risk to children and may request candidates to register on the DBS update service.

10.4 At least one member of every interview panel will have undertaken Safer Recruitment training which it is recommended is refreshed every 2 years.

10.5 We take proportionate decisions on whether to check individuals above and beyond what is legally required dependant on individual circumstance.

10.6 Any visitor to the school who has not been subject to the necessary checks will be always supervised and a risk assessment completed.

10.7 All safer recruitment practices at Bishop Ullathorne comply with Keeping Children Safe in Education (September 2024). See Part 3 of Keeping Children Safe in Education (September 2024) for further information. [Safer Recruitment Policy](#)

11. Allegations of abuse against staff

11.1 Bishop Ullathorne takes all safeguarding matters including low level concerns and/or allegations that harm to a child has occurred against staff (including agency, volunteers and contractors) seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (September 2024) and the CSCP Guidance, ['Allegations Against Staff and Volunteers'](#).

11.2 Allegations or concerns may include

- Staff having behaved in a way that has harmed a child or may have harmed a child.
- Staff possibly committing a criminal offence against or related to a child.
- Staff behaving towards a child or children in a way that indicates that he or she may pose a risk of harm to children; or
- Staff behaving or possibly behaving in a way that indicates they may not be suitable to work with children (including behaviour outside of work). This is known as 'Transferable risk'.

11.3 If a concern or allegation of abuse arises against the Headteacher, or should there be a conflict of interest to the Headteacher, it must be immediately reported to the Chair of Governors and Chief Executive Officer (CEO).

11.4 If a concern or allegation of abuse arises against any member of staff, supply teacher, volunteer or contractor other than the Headteacher, it must be reported to the Headteacher without delay (who will report it to the Chief Executive Officer).

11.5 Concerns or allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.6 If a concern or allegation of abuse arises against a member of the Local Governing Body, Board of Directors or MAC Central Team, it must be **immediately** reported to the CEO (**Marina Kelly**).

11.7 If a concern or allegation of abuse arises against the Chief Executive Officer or Chair of the Board of Directors, it must be **immediately** reported directly to the LADO

11.8 The Headteacher or Chair of Governors should consider if the concern or allegation meets the harms threshold as outlined in Working Together to Safeguard Children (2023) guidance indicating that a person in a Position of Trust has:

- behaved in a way that has harmed a child, or may have harmed a child
- possibly committed a criminal offence against or related to a child
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

11.9 If they feel the criteria is met then they should refer into Coventry LADO using the online referral form on:

https://myaccount.coventry.gov.uk/service/Allegations_against_people_who_work_in_positions_of_trust_with_children_referral

The Headteacher or Chair of Governors can also seek guidance/advice if unsure by emailing lado@coventry.gov.uk.

11.10 'Low-level' concern does not mean it is not significant. This is a term used for any concern (no matter how small) that an adult working with a child may have breached the staff Code of Conduct and does not meet the harm threshold. Examples of which may include:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door.
Or.
- Humiliating pupils.

The details of the LADO can be found at the front of this policy.

11.11 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours. In accordance with *Keeping Children Safe in Education 2024*, the school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

11.12 If a child has suffered or may have suffered abuse or harm, a MASH referral will also be made.

11.13 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to Bishop Ullathorne in managing the allegation.

11.14 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post because of safeguarding concerns, irrespective of whether they have resigned.

11.15 Supply Teachers and all contracted staff

11.15.1 Although the school does not directly employ supply teachers and contractors, the school will ensure that any concerns or allegations are referred to LADO and the relevant agency informed as the employer.

11.15.2 The school will never cease to use a supply teacher for safeguarding reasons without liaising with the Local Authority Designated Officer and reaching an agreed outcome.

11.15.3 Governing bodies/proprietors will liaise with the supply agency to determine whether to suspend or redeploy the supply teacher whilst they carry out their investigation.

11.15.4 The school will inform supply agencies of its process for managing allegations, including inviting the agency's human resource manager (or equivalent) to meetings and regularly updating agencies on relevant school policies. The school will usually take the lead because agencies do not have direct contact with children or staff, so will not be able to gather information.

11.16. Governors

11.16.1 If an allegation or concern is about a Governor, the school/college will follow local procedures.

11.17. Volunteers

11.17.1 Risk assessments and a DBS check will be requested for all volunteers. Under no circumstances will a volunteer prior to satisfactory checks being completed be alone with children unsupervised or allowed to work in regulated activity.

11.18. Whistleblowing

11.18.1 Bishop Ullathorne operates a culture of safeguarding, and all staff should report any concerns about poor or unsafe practice, or Bishop Ullathorne's safeguarding processes to the senior leadership team.

11.18.2 Appropriate whistleblowing procedures are in place whereby the senior leadership team will take all concerns seriously.

11.18.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

11.19. Complaints Procedure

11.19.1 The School operates a complaint procedure which will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a pupil or attempting to humiliate them, bullying or belittling a pupil or discriminating against them in some way. Complaints are managed by the headteacher, other members of the senior leadership team and governors. [Complaints Policy](#)

11.19.2 Complaints from staff are dealt with under the school's complaints and disciplinary and grievance procedures. (Also refer to Low level concerns)

11.19.3 Complaints which escalate into a child protection concern will automatically be managed under the school's child protection procedures.

12. Promoting safeguarding and welfare in the curriculum

12.1 Bishop Ullathorne recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

12.2 The school will teach children about safeguarding, including online safety they will receive the following as part of our promotion of safeguarding across the curriculum:

- Weekly CPSHE programme
- RSE programme taught throughout the year in CPSHE, Tutor time Science and RE lessons
- Online Safety in CPSHE and ICT lessons
- Assemblies
- Tutor time sessions
- Guest speakers where appropriate

12.3 Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment. The school/college will have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life. These will be underpinned by the school/college's behaviour policy and pastoral support system, as well as by a planned programme of evidence based RSHE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum (RSHE)

12.4 Children at Bishop Ullathorne will receive the following as part of our promotion of safeguarding across the curriculum: [Relationships, Sex and Health Education Policy](#)

12.5 Education at home and remote education

Bishop Ullathorne Catholic School continues to operate under this policy and KCSIE/WTTSC when children are learning at home or at school. The school will follow the [Remote Learning Policy](#) when learning takes place

13. Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Bishop Ullathorne recognises that children looked after may have additional vulnerabilities by virtue of this. The Designated Lead for Looked-After and Previously Looked-After Children is Fabia Hully

13.2 Staff will receive training on how to best safeguard children who Looked-After are and who have been Previously Looked-After.

13.3 The school will work with Personal Advisors when children leave care (where applicable).

13.4 Bishop Ullathorne is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14. Children with Special Educational Needs and Disabilities (SEND) or physical health needs

14.1 As outlined in Keeping Children Safe in Education (2024), Bishop Ullathorne is aware that children with additional needs or disabilities may be more vulnerable to abuse both online and offline and additional barriers may exist when recognising abuse and neglect. This could be because.

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.
- being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children.
- the potential for children with SEN and disabilities or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming **in managing or reporting these challenges.**
- **cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools without recognising the consequences of doing so.**

14.2 Any reports of abuse involving children with SEND will therefore require close liaison with the designated safeguarding lead and SENCO. Staff will also be trained in recognising signs of abuse in children with SEN and disabilities or certain medical conditions.

14.3 Staff will consider the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

14.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15. Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is proportionate and necessary. Staff are informed that they may only use reasonable force to restrain a child if there is risk of harm to themselves or another person, because of the child's actions/inaction. Any contact with a child must be logged immediately with the DSL or deputy DSL.

The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a child needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. (KCSIE 2024)

16. Work Experience/ Alternative Provision

16.1 The School will continue to be responsible for the safeguarding of Students placed with an alternative provision provider and will be satisfied that this provider meets the needs of the pupil. Written confirmation from the provider that appropriate safeguarding checks have been carried out will be sought on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff.

16.2 The DSL will continue to have oversight of all pupils accessing any part of their learning from an alternative provider or delivery online or offsite provided by any organisation or individual not employed by the school. The DSL will ensure that robust arrangements are in place for timely and effective information sharing of safeguarding information between the school and alternative/external providers.

16.3 The DSL will also take responsibility for ensuring that robust procedures are in place to confirm attendance and to enable the swift reporting of non-attendance and children going missing from alternative/ external providers at any time when they should be with that provider.

17. Children staying with host families (see Annex D KCSIE)

18. Boarding schools and residential settings

19. Summary

19.1 The school is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any queries about this policy, please contact the school.

Appendix B – Further Safeguarding Information

Types of Abuse

As outlined in paragraph 4.4, the school will act if we believe a child is at risk of or is suffering from abuse. Abuse is not limited to physical, emotional, sexual abuse and neglect. For further information on the definitions of the types of abuse below, please refer to Keeping Children Safe in Education (2024), Annex A.

See below for policy information relating to other key safeguarding issues. All decisions taken in responding to concerns of abuse will be taken in the best interests of the child.

Bullying, including cyber- or online-bullying

Bishop Ullathorne takes all forms of bullying seriously and will respond sensitively and quickly to any reported bullying. Children should report any bullying to their form tutor, to the DSL or to any trusted member of staff and we will work to resolve it.

We also teach children about the dangers of bullying through our curriculum.

Bullying can take many forms and we have several policies that cover various aspects of bullying.

Please see the Anti-Bullying Policy, the Behaviour Policy and paragraph 5.8 of this policy for further information.

Child criminal exploitation (including involvement in county lines)

Domestic abuse – Include Operation Encompass

Fabricated or induced illness

Fabricated or induced illness (FII) is a rare form of child abuse. It occurs when a parent or carer, usually the child's biological mother, exaggerates or deliberately causes symptoms of illness in the child. FII is also known as "Munchausen's syndrome by proxy" (not to be confused with Munchausen's syndrome, where a person pretends to be ill or causes illness or injury to themselves). Signs of fabricated or induced illness. FII covers a wide range of symptoms and behaviours involving parents seeking healthcare for a child. This ranges from extreme neglect (failing to seek medical care) to induced illness. Behaviours in FII include a mother or another carer who:

- **persuades healthcare professionals that their child is ill when they're perfectly healthy**
- **exaggerates or lies about their child's symptoms**
- **manipulates test results to suggest the presence of illness – for example, by putting glucose in urine samples to suggest the child has diabetes**
- **deliberately induces symptoms of illness – for example, by poisoning her child with**

unnecessary medication or other substances

Faith-based abuse

Female genital mutilation (A form of so-called 'honour-based' abuse)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences. FGM mandatory reporting duty for teachers Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers, along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases may face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies

Forced marriage (A form of so-called 'honour-based abuse)

So-called 'honour'-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving 'honour' often involves a wider 131 network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA. Actions if staff have a concern regarding a child who might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy). As appropriate, the designated safeguarding lead (or deputy) will activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on teachers¹²⁸ that requires a different approach (see following section).

Gangs or youth violence

Young people can be vulnerable to the community or 'family feel' of a gang. Once a child has become involved in a gang or regular youth violence, it can be extremely difficult to extricate themselves. Students can show signs of this through becoming increasingly withdrawn or more vocally aggressive in school. Schools are vulnerable to recruitment. Warning signs include 'tagging' placed around school, or older students using younger students to carry out errands or carry items for them. Staff should always

remain vigilant to any changes in the students' behaviour. Referrals to the MASH should be made with concerns. Equally, use of family hubs and community police can support a child who is vulnerable.

Gender-based violence

Gender-based violence is violence against women based on women's subordinate status in society. It includes any act or threat by men or male dominated institutions that inflict physical, sexual, or psychological harm on a woman or girl because of their gender. In most cultures, traditional beliefs, norms and social institutions legitimize and therefore perpetuate violence against women. Gender-based violence includes physical, sexual and psychological violence such as domestic violence; sexual abuse, including rape and sexual abuse of children by family members; forced pregnancy; sexual slavery; traditional practices harmful to women, such as honour killings, burning or acid throwing, female genital mutilation, dowry-related violence; violence in armed conflict, such as murder and rape; and emotional abuse, such as coercion and abusive language. Trafficking of women and girls for prostitution, forced marriage, sexual harassment and intimidation at work are additional examples of violence against women. Gender violence occurs in both the 'public' and 'private' spheres. Such violence not only occurs in the family and in the general community but is sometimes also perpetuated by the state through policies or the actions of agents of the state such as the police, military or immigration authorities. Gender-based violence happens in all societies, across all social classes, with women particularly at risk from men they know

Hate

A Hate crime or 'hate abuse' is any hate incident, which constitutes a criminal offence, perceived by the victim or any other person, as being motivated by prejudice or hate. A hate incident is any incident, which may or may not constitute a criminal offence, which is perceived by the victim or any other person, as being motivated by prejudice or hate. Forms of hate abuse constitute any incident where a child or anyone else has been targeted because they are believed to be of a different:

- race
- religion / belief
- sexual orientation
- gender identity
- or have a disability.

Hate crimes are directed against people because of some aspect of who they are, most typically because they are from an ethnic minority or visible religious minority, or because of their sexuality. Hate crime covers a wide range of behaviour, for example verbal abuse, racist or homophobic graffiti or physical assault. A crime can be classed as a hate crime if the victim or witness see it as being so

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm. The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis. In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16- and 17-year-olds could be living independently from their parents or guardians, for example through their exclusion from the family home and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16- and 17-year-olds who may be homeless and/or require accommodation

(So-called) 'Honour-based' abuse (For FGM and Forced Marriage, types of so-called 'honour-based' abuse, see above)

Radicalisation and Extremism

Children are vulnerable to extremist ideology and radicalisation. Like protecting children from other forms of harm and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach. Extremism is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation¹⁶ refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups. There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet). However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may need help or protection. Staff should use

their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme. Preventing Extremism Policy

Serious Violence

Sexual violence or sexual harassment (including peer-on-peer abuse) Sexual violence and sexual harassment can occur between two children of any age and sex from primary to secondary stage and into colleges. It can also occur online. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, likely, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school or college. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with special educational needs and disabilities (SEND) and LGBT children are at greater risk. Staff should be aware of the importance of:

- challenging inappropriate behaviours.
- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up.
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and,
- challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003¹⁹ as described below: Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents. Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents. Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents. Sharing of consensual or non-consensual nude images and videos

Trafficking and modern slavery

Slavery did not end with abolition in the 19th century. Instead, it changed its forms and continues to harm people in every country in the world. Whether they are women forced into prostitution, men forced to work in agriculture or construction, children in sweatshops or girls forced to marry older men, their lives are controlled by their exploiters, they no longer have a free choice, and they must do as they're told. They are in slavery. Today slavery is less about people literally owning other people – although that still exists – but more about being exploited and completely controlled by someone else, without being able to leave. Today there are an estimated 40.3 million people in slavery around the world. Someone is in slavery if they are:

- forced to work – through coercion, or mental or physical threat.
- owned or controlled by an 'employer', through mental or physical abuse or the threat of abuse.
- dehumanised, treated as a commodity or bought and sold as 'property'.
- physically constrained or have restrictions placed on their freedom of movement.

Children absent from education, home or care

The school will also take action to protect.

- Children absent from education
- Children missing from home or care

Children Absent from Education

[Attendance Policy](#)

Children Missing from home or care

Safeguarding against children missing from education is outlined in our Attendance policy (Bishop Ullathorne website). Any absenteeism to school without a valid reason provided by parents is addressed through our first day call system. Pastoral Support Managers and our Educational Welfare Officer ensure phone calls are made to all parents/carers of children who are absent without a valid reason. Police reports are received regularly outlining if a child has been reported missing by parents. All reports are followed up by the pastoral team and DSL where necessary.

Private Fostering

The school have a duty to refer any children who are living in a private fostering arrangement to the local authority.

We will do this through a MASH referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary caregivers for more than 28 days

Indicators of abuse

See below for possible indicators of abuse. (Taken from *What to do if you are worried a child is being abused*, 2015)

- Children whose behaviour changes – they may become aggressive, challenging, disruptive, withdrawn or clingy, or they might have difficulty sleeping or start wetting the bed.
- Children with clothes which are ill-fitting and/or dirty.
- Children with consistently poor hygiene.
- Children who make strong efforts to avoid specific family members or friends, without an obvious reason.
- Children who don't want to change clothes in front of others or participate in physical activities.
- Children who are having problems at school, for example, a sudden lack of concentration and learning or they appear to be tired and hungry.
- Children who talk about being left home alone, with inappropriate carers or with strangers.
- Children who reach developmental milestones, such as learning to speak or walk, late, with no medical reason.
- Children who are regularly missing from school or education.
- Children who are reluctant to go home after school.
- Children with poor school attendance and punctuality, or who are consistently late being picked up.
- Parents who are dismissive and non-responsive to practitioners' concerns.
- Parents who collect their children from school when drunk, or under the influence of drugs.
- Children who drink alcohol regularly from an early age.
- Children who are concerned for younger siblings without explaining why.
- Children who talk about running away; and
- Children who shy away from being touched or flinch at sudden movements.

The school recognises that the above list of indicators is not exhaustive, and staff will receive training on indicators of abuse.
