Year 7 CPSHE Spring Term 2

Topics covered

Global Citizenship

Lesson overview

Being a global citizen

1

Bishop Ullathorne's role

Fairtrade

Keywords

Definitions

Sustainable

Small changes we can make to help look after the planet. Making these changes helps protect animals, plants and our natural resources so that future generations will be able to enjoy them.

2

Consumption

Consumption means using, buying or eating something.

Fairtrade

Fairtrade allows farmers, producers and artisans to be paid a fair price for the things they make and to have better working conditions.

HOW DOES FAIRTRADE WORK?

In exchange for meeting the Fairtrade standards which support farmers to sustainably improve the yield and quality of their products, farmers:

- 1 receive a fair price which reflects the cost of sustainable production; and
- 2 can invest in their communities.

Put simply, Fairtrade provides a better deal for farmers.
